

Dear Penfriend,

My name is Melina Pantelaki. I am an 11 years old girl from Triandria, Thessaloniki, Greece.

Greece is a very historical place with a lot of beautiful sites to visit. The population of Greece is over 1075 billion people!

I live in a four-storey apartment building in Triandria with my mother my brother and my father. In my free time I like to play volleyball.

I go to the 1<sup>st</sup> Primary School of Triandria. I'm in the sixth grade and my favourite subjects are English and German. What's your favourite subject? We have lessons for six hours everyday in our school. I don't really like Maths but I like Physical Education. Do you like Maths? How do you spend your leisure time?

Write back soon  
Best Wishes
